20TH SAFETY CONVENTION

Back to Basics for Strengthening EHS & Sustainable Foundation

September 11-13, 2023

Hotel Le-Meridien, New Delhi

Organised By

SAFETY AND QUALITY FORUM
The Institution of Engineers (India)

Supporters

Preamble

Safety Management has been the vital consideration since the starting of the Industrialization. The world has witnessed phenomenal improvement in managing Safety, Health & Environment in the workplace. Our fundamental ethos of safety management has been able to come up with feasible solutions in handling emerging risks as a result of rapid automations and new technological advancements till date.

Exponential change in technology, accompanied with unforeseen and entirely different risk patterns is inevitable in today's scenario, throwing challenges to the new generation.

To ensure that the new generation is capable of integrating fundamental safety management practices with artificial intelligence, machine learning and other advanced technologies to mitigate evolving risk, it has been imperative to re-emphasize and remind our youth on basics of EHS management. Realizing these current concerns, Safety & Quality Forum of The Institution of Engineers (India) has decided to conduct 20th Safety Convention on theme **“Back to Basics for Strengthening EHS & Sustainable Foundation”** during September 11-13, 2023 at Hotel Le Meridien, New Delhi

20th Safety Convention will focus on the most important "thing" required these days; that is relearning and re-emphasizing the basics. To ensure that the values and beliefs that will result in safe behaviors are embodied in the culture of an organization and embraced at all levels. When this occurs, the result is inevitably that all employees are trained, equipped and protected at the highest levels possible. They possess the attitudes and beliefs that will impact their decision-making related to safety, health and the environment every day, at work and at home. This applies not only to those at work in line positions, but equally to corporate and site management & line/labor leaders.

It has become imperative that all levels of employees, not just line workers, receive training in hazard identification and proper procedures, and that they be encouraged to develop the attitudes, beliefs and thinking that lead to safe behaviors both on and off the job. Similarly, company leaders (line/labor and management) need training in order to effectively communicate, coach and provide constructive correction to ensure that proper attitudes and behaviors are in place and are not at risk of being undermined by other priorities and pressures.

About the Organisers

About The Institution of Engineers (India)

The Institution of Engineers (India) or IEI is the largest multidisciplinary professional body that encompasses 15 engineering disciplines and gives engineers a global platform for sharing professional interest. IEI has membership strength of above 0.8 million. Established in 1920, with its headquarter at 8 Gokhale Road, Kolkata-700020, IEI has served the engineering fraternity close to a century. During this period of time, IEI has been inextricably linked with the history of modern-day engineering.

In 1935, IEI was incorporated by Royal Charter and remains the only professional body in India which has been accorded this

honour. Today, its quest for professional excellence has given it a place of pride in almost every prestigious and relevant organization across the globe. It provides a vast array of technical, professional and supporting services to the Government, Industries, Academia and the Engineering fraternity, operating through its 125 Centres located across the country and 6 overseas chapters. Besides, IEI has bilateral agreements with about 31 international bodies and membership of another 8 international bodies of the developed nations across the globe.

Being recognized as a Scientific and Industrial Research Organisation (SIRO) by the Department of Scientific and Industrial Research, Ministry of Science and Technology, Government of India, IEI promotes the cause of research and development by providing Grant-in-Aid support to undergraduate, post graduate students and PhD Research Scholars of Engineering Institutions and Universities.

Safety and Quality Forum - IEI

Safety & Quality Forum was established by The Institution of Engineers (India) at New Delhi in 2003, to focus on engineering aspects that contribute towards the improvement in Safety & Quality in Engineering Profession. Forum has been actively involved in disseminating knowledge in the field of Safety and Quality for the last more than a decade.

20th Safety Convention

Safety Convention is being organized to arrange a platform to collaborate with industries, organizations, corporates and individuals with focus on the most important "thing" required these days; that is relearning and re-emphasizing the basics. To ensure that the values and beliefs that will result in safe behaviors are embodied in the culture of an organization and embraced at all levels. When this occurs, the result is inevitably that all employees are trained, equipped and protected at the highest levels possible. They possess the attitudes and beliefs that will impact their decision-making related to safety, health and the environment every day, at work and at home. This applies not only to those at work in line positions, but equally to corporate and site management & line/labor leaders. ensure Safety for Sustainable Development and Workplace Safety.

Objective

The objective of 20th Safety Convention is to ensure that the new generation is capable of integrating fundamental safety management practices with artificial intelligence, machine learning and other advanced technologies to mitigate evolving risk, it has been imperative to re-emphasize and remind our youth on basics of EHS management.

SAFETY INNOVATION AWARD 2023

Outstanding Government Organisations, PSUs, Private Sector businesses/ industries and NGOs will be conferred with the **"Safety Innovation Award"** for the initiatives undertaken for introducing concepts of awareness and culture in operations in the fields of Occupational Safety, Health & Environment. Interested organizations can submit their proposal, latest by **June 30, 2023**. For more details, please visit website: www.sqfie.in or contact the Conference Secretariat.

Theme

Back to Basics for Strengthening EHS & Sustainable Foundation.

Sub-themes

- EHS and leadership skills
- From compliance to competitive advantage
- Leading sustainability and human capital
- Collaborating with other industries
- What we can learn from past incidents
- Healthier workplaces
- Future risks, challenges, and opportunities Role of Artificial Intelligence for Ensuring Sustainable & Safe Future.
- Role of Artificial Intelligence in Ensuring Industrial Safety.
- Artificial Intelligence in Cyber Safety & Security.
- Transportation Safety.
- Construction Safety.
- Energy Safety.
- Public Safety- Environment & Food Safety
- Chemical & Fire Safety.

Advantages for Participants

Participants will have an opportunity to get updated on the following:

- New ideas and approaches to problem solving.
- Opportunities to connect with key individuals and organizations across the area of occupational health, safety and environment.
- Status of safety related policies and multinational mechanism for their implementation.
- Challenges to safety in all socio-economic sectors with a thrust on industrial sector.
- Application of standards and codes.
- Impact of awareness programmes and need for capacity building.
- Role of corporate sector.
- Hazard Risk Assessment.
- Vulnerability to natural and manmade hazards.
- Experiences on successes and near misses.

Who Should Participate?

- EHS Professionals & Consultants, Chief Safety Heads, Officers and Managers.
- Safety, Operations and Maintenance Personnel of Manufacturing Industries.
- Professional Organisations
- Policymakers & Government Officials.
- Certification System Experts.
- Manufacturers and Suppliers of Safety Equipment.
- Academicians, NGOs.

Call For Papers

Submission of Full Length Paper	: June 15, 2023
Acceptance of Paper	: July 15, 2023

Guidelines for Submission of Paper

Full length paper, having abstract, keywords and references, may be submitted for assessment of the Technical Committee. The paper should be prepared on A-4 size sheet with a margin of 1.5 cm on all sides. Paper should be in MS Word format in 10 points New Times Roman typed and single line spacing. Length of the paper is requested to be up to 6-pages. On acceptance of the Paper, the author sending longer paper will be requested to edit, otherwise the technical committee will exercise its right to edit.

An undertaking has to be sent that the paper has not been published/ presented/submitted elsewhere.

Papers depicting the advancement in theory and practice of managing safety issues will be preferred.

Date & Venue

- September 11-13, 2023 (Two days - deliberations at Hotel, 3rd Day - Plant Visit)
- Hotel Le-Meridien, New Delhi.

Participation Fees

Delegate	Rs. 11,800/- each including GST
----------	---------------------------------

Early Bird Discount of:

- 20% for registering before May 31, 2023
- 10% for registering before June 30, 2023

10% discount for registering more than 7 delegates from single Unit/Organization

10% discount to delegates from participating organizations of previous Safety Conventions.

Registration Fee includes

- Participation in all Sessions of the Convention.
- Delegate Kit.
- Buffet Lunch and Tea/Coffee.

Registration for the Convention

Complete the Registration Form in capital letters (preferably type written) and submit alongwith the Registration Fee to the Convention Secretariat. Application Form can be downloaded from website: www.sqfiee.in.

Payment

Payments for Delegate Fees, Exhibition, Advertisement & Sponsorship will be accepted through NEFT/RTGS/Online transfer/Bank Draft/Banker's Cheque to be made in favour of "The Institution of Engineers (India) A/c Safety and Quality Forum", payable at New Delhi. Bank Account No. : 3597529827, Central Bank of India, Bank Branch (MICR) Code : 110016021, IFSC Code: CBIN0280306, PAN No. : AAATT3439Q, GST No. : 07AAATT3439Q2ZV.

Souvenir

A Souvenir (in colour) will be published on this occasion. Rates for advertisement in the Souvenir are follows:

Category	Registration Fee (including GST)
Back Cover	Rs. 1,05,000/- (3 delegates Complimentary)
Inner Cover	Rs. 78,750/- (2 delegates Complimentary)
Full Page - Colour	Rs. 42,000/-
Half Page - Colour	Rs. 21,000/-

Sponsorship Options

Category of Sponsors	Particulars Amount (Privileges)
Gold Sponsor	Rs. 5.0 lacs (10 Delegates & full page Colour Advertisement Free)
Silver Sponsor	Rs. 3.0 lacs (6 Delegates & full page Colour Advertisement Free)
Bronze Sponsor	Rs. 2.0 lacs (4 Delegates & full page Colour Advertisement Free)
Associate Sponsor	Rs. 1.0 lac (2 Delegates & full Page Colour Advertisement Free)

Technical Visits

Technical visits will be arranged to institutions/ organizations having effective and efficient safety infrastructure.

SAFETY CONVENTION 2023

September 11-13, 2023 • Hotel Le-Meridien, New Delhi

REGISTRATION FORM

Please type or print in Block Letters

Name Prof/Dr/Mr/Mrs/Ms

Designation

Company/Organisation

Mailing Address

Phone Fax

E-mail

Details of Additional Participants (Name, Position) etc.

i)
